Interview with a Flight School

If you have ever wanted to become a pilot or are looking for tips from an expert about flying, you do not want to miss this.

We had the pleasure of sitting down with Art Hayssen, owner of North Coast Air, for an interview recently.

Art Hayssen has been flying for over 30 years and built North Coast Air as an alternative to other aircraft rental and flight school operations. He has succeeded at...

hanger space and tie-downs for locally based and transient customers.

Sonoma County supervisors recently approved to change the name of Sonoma County Airport to Charles M. Schulz Sonoma County Airport to honor the late Peanuts creator who resided in Santa Rosa, CA.

The airport is home to a 5,115 ft. runway serving small aircraft to large corporate aircraft. There are 3 instrument approaches, including a precision Category I approach and inclement weather operations. The terminal and services offered by the County are available 365 days a year from 7:00 a.m.-10:00 p.m. daily.
